TOP — THE OPS PORTAL

The Ops Portal Pricing

All prices shown are excluding VAT, which is charged at the standard rate.

Set Up Fee

There is an initial set-up fee for the Portal Set-Up, which includes a domain and branding setup.

Type	Details	Price
Framework	We set up the framework and domain, and you input any content	£500,00
Framework plus Content Upload	If you have content as a document* plus files, we can auto-load the data and tidy it up, ready for use.	£1000,00

• (*)Word or Excel

• KPIs and dashboards may incur an additional charge depending on source & complexity. This will be made clear at the outset following a brief.

Monthly Subscriptions

Type	Details	Price
Fully supported	After the initial build, all content updates are managed by TOP support.	£300,00
Technical support only	You handle all updates and system content. We still look after the tech.	£200,00

• This is per company, not per user.

• Additional country sites are a new subscription.

Content Help

Occasionally you may need help. We're here for you.

Type	Details	Price
Loading content	We can help with uploading changes to your manual on an ad hoc basis. (It's simple, so normally this is just a time issue.) We can help, and charge an hourly rate,	£75,00/ hour
Writing content	If you'd like content written, or advice on policies and processes, we will happily quote for you. We discount our daily rate for TOP members.	POA

Terms and Conditions

Our Terms and Conditions of business serve to support any agreement and quote that we provide.
